

Role of the Veterinarian in Premises Registration

As an accredited veterinarian, it is important to understand the process of premises registration to be able to explain it to your clients. By obtaining a PIN for your veterinary clinic, you are promoting NAIS and setting an example for your clients about its importance for traceability and the prevention of disease spread. Requesting a PIN for yourself will also enhance your familiarity with the process so that you can comfortably assist your clients. Veterinary clinics will be an important resource in the event of an animal health emergency.

Registering a Premises as an Authorized Agent

In a very few States, Territories, and Tribes, you may also act as an authorized agent and offer premises registration as a service to your clients. To act as an authorized agent, you will first need to register yourself in the system as a non-producer participant (NPN) or obtain a PIN for your clinic. For details on this process, check with your State, Territory, or Tribal NAIS Administrator.
